# Choosing Your Curbing Style

Choosing a curbing shape and style is a purely individual choice that ranges from look to functionality.

## SLANT EDGE

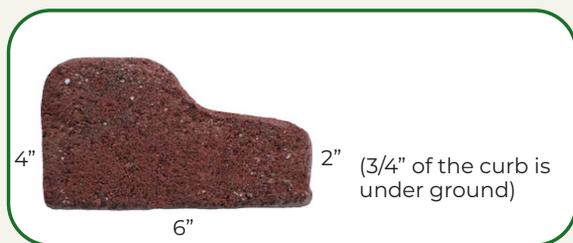

**SMALL SLANT EDGE**

**LARGE SLANT EDGE**

The Slant Edge (available in small or large) is our most popular choice of curbing style. This edge uses a high back to hold in mulch and features a low front for ease of lawn care. Choose from a wide variety of colors, stamps and textures. Browse the following pages for our popular Elite Series stamps (high-end patterns) and our Classic Series stamps.

## MOWER'S EDGE

**MOWER'S EDGE**

Mower's Edge is a fully mower-friendly profile that lets you mow right to the edge, eliminating the need for trimming and keeping your lawn maintenance simple. Mower's Edge curbing offers a beautiful and tidy appearance for your landscape. Mower's Edge curbing can be customized to fit different landscaping styles and preferences and is available in several colors.
